- Interactive Person
- Public Speaking
- Teaching Students

Education Background

- Francis Xavier Engineering College
Masters in Computer Application 2022-2024
- St. John's College
Bachelor of Computer Application
Completed in 2022

Professional Experience

Kasadara Tech

JUNE 2023

- I excelled as a PHP and ReactJS web developer at Kasadara Tech during my internship. Completed a successful task management system project, showcasing coding prowess and problem-solving skills.
- Developed a scalable task management system using PHP, ReactJS, and MySQL. Emphasized effective communication and teamwork while collaborating closely with the team.
- Received commendations for impactful contributions to the project's success. Recognized for dedication, attention to detail, and adaptability. Eager to contribute to your organization's growth.

Projects

Android App Development Journey: Ambulance Booking System

- Undeterred by my limited knowledge of Java and Android development during my undergraduate studies, I boldly embarked on creating the Ambulance Booking System Android app. This project represents a significant milestone, reflecting my resilience and personal growth in the face of challenges.
- This project showcases my determination, quick learning abilities, and problem-solving skills, and has motivated me to pursue a career in Android app development..

Task Management System Project with PHP and MySQL

- During my internship, our team successfully developed a task management system using PHP and MySQL. Despite facing challenges, such as numerous design changes requested by our HR and regular updates, the experience pushed me to grow and persevere.
- The sense of accomplishment upon completing the project affirmed my suitability for the job, and the valuable experience gained has shaped me into a resilient and adaptable professional.

Language Known

- English
- Tamil

Certification

C++ Nano Degree - [Education Provider (Prepinsta)]

- Completed an intensive C++ Nano Degree program, gaining in-depth knowledge of C++ programming, data structures, algorithms, and debugging techniques.
